

# The Whatzup/ Wooden Nickel *CD of the Week*

*Week of Nov. 25–Dec. 1, 2004*

In each of the past few years, singer-songwriter **Mike Conley** has been enlarging his footprint on the Fort Wayne music scene, and his fan base has grown and his Whammy Awards have piled up to prove it. **My Little Secret**, Conley's first CD release, takes things up a notch. Backed by stellar musicians (Bryan Bankson, Brian Lemert, Jon Ross and Steve Wright, among others) and superbly recorded by Tim Bushong, **Secret** is a gem of an album and a must own for any serious music fan.
